[lippos@xtra.co.nz](mailto:lippos@xtra.co.nz)

Welcome to this rather late edition of the magazine. We have held it up to include the 2014 prize winners and Bathurst evening.

Christine and I celebrated our Ruby Anniversary last weekend and I am soon to join the ranks of pensioners with my very own gold card. Good time to catch up with friends on Waiheke for coffee.

The Trophy night was an enjoyable evening and we took a great many photos. Unfortunately space was not available for them all in this mag so if you did not find yourself in here then keep a watch in the next edition. We did get some printed and you might find one in your envelope. We are constantly trying to vary the people and looking for new faces.

The ever popular Tulip Run is coming up soon so beware we are bringing our best game this time. So past winners Ashley and Gayle are playing for second!!

If you have never been to Cornwallis make a point of coming to the AMOC Christmas Picnic. You won't be disappointed with the setting.

Remember to check the websites for updated photos of events, remembering on the Auckland Mustang Club Website to use the F5 key to refresh.

***Summer is coming - Wahoo!!!!!!!!!!!!!!***

## A Word from the President

Where has the year gone to? Xmas now only seems around the corner, or appears closer as the club starts to organise the Xmas BBQ which will be held on 30 November at Cornwallis. The club will provide the venue, food and even gifts for the kids. Watch out for notices regarding what is always a fun family day. The last 2 months have flown by. We had a very successful poker run on 31 August. We departed from the Auckland Museum and had lunch at the Puhoi Cheese Factory. While the weather was not the best, we had a great turnout. Many thanks to Craig & Dianna for all their skilful organising.

September saw the annual car show held at Te Pai Netball Centre in Henderson. Just on 65 cars graced the indoor facility, which was much appreciated as the weather wasn't the best. We had good public numbers through the door and coupled with the entertainment we have received positive feedback that everyone enjoyed the event. A very big thank you to all those who helped with the event. This includes the members who presented their cars, judges, car parking attendants, door sales and survey takers, the team who put up signs, those who laid out the cars, those involved in the publicity of the event and all the other very important jobs. It is correct when they say "many hands make light work". An extra thank you to all our sponsors who made it possible to put on this event. Please see the sponsors list in this magazine and please support them. We are very hopeful that after all costs are in, we will be able to make a sizeable donation to our charity, Special Olympics NZ. We will provide more details in the next edition.

October saw the annual prize giving dinner at a new venue, Waipuna Conference Suites Highbrook. Just over 100 people attended and had a fabulous time. Dress up theme was " Bathurst". Just over 50 trophies were presented and details of the event and winners are in more detail later in this edition.

Labour weekend will see around 30 AMOC members head off to Christchurch for the National Convention. This promises to be the biggest ever with over 220 cars registered celebrating 50 years of Mustang.

November will see us competing in the Tulip run and attending the Xmas BBQ. I hope the weather improves so we can use the convertible more. The December club night will be at Meguiars in East Tamaki , so will be an informative evening for those wanting to know how to look after your mustang. We are also trying to arrange a run to view the Xmas lights in Franklin Road, so keep an eye on the emails.

With all these events happening we need to focus on Concours which is the weekend of 7<sup>th</sup> & 8<sup>th</sup> February 2015. As the club responsible for the event we need volunteers to help - particularly on the Sunday. All up we need about 120 people for duties that will be in 2 hours shifts and we would appreciate you letting Tony Powell know if you and your partner are able to help. Last year Concours earned the club \$9,000 which helps us put on all the annual events at subsidised amounts. The Saturday is a fun day car run. It would be great to see a few more mustangs attend this event.

Meanwhile keep the motor warm and hope to see you at the next event.

Ian

Club night also included the Annual Quiz night organised by Craig and Dianna.

The four categories were: *Alive or Dead*  
*Vehicle Related*  
*How Well Do You Know NZ*  
*True or False section on the Committee*

This years winners were Deryck Freeland and Henk Roling with a one point victory over Merrin McCreadie and Daphne Frigault.

A good fun night as usual thanks to Craig and Dianna.

Also a big thank you once again to Jenni Burrows for the fantastic home baking for supper.

**CONGRATULATIONS!**

# Club Night Wednesday 1st October 2014

Swann Insurance Administration Team Manager Ann Smith gave an interesting talk on Classic Car Insurance. This included certain differences between the older and newer classic cars. Ann also fielded questions from the floor, assisted by Peter Coomb who is the Automotive Product Manager.

I am sure, between them, they addressed members concerns.

We have a very good rapport with Swann Insurance and appreciate their availability and support of the club. For all your insurance needs you can contact Swann on Ph 09 969 6071.

*Neville and Emma Barton, who were at the meeting, celebrated their 44th Wedding Anniversary on the 2nd October. Would you believe he actually drew out two 4's in the raffle to claim second prize.*

# Member Profile

Henk & Barb Roling

Well we had this profile ready for the magazine back in the December issue but unfortunately, if you all remember, their precious 65 Mustang Fastback was stolen. They are now the proud owners of a 1965 Mustang Fastback, 289 V8 original Wimbledon White. It has been in New Zealand since 1991.

They have always liked classic cars however moved to two wheels for the last 7 years enjoying touring on a Harley. Time to move on.

Early Mustang was appealing - something to tinker with.

Other hobbies and interests include boating and fishing in the Coromandel and keeping their boat trailer (vintage Ford of Course!) running.

Favourite TV programme Ray Donovan

Favourite Movie - usually quirky - nothing too heavy.

Favourite Music - Classic 60's, 70's, Tom Petty, Neil Young etc.

Love tinkering and tidying up aspects of the mustang to improve its condition and of course cruising to the Coromandel.

Bragging rights include they once owned a Mark1 Lotus Cortina. Sold it for \$500 more than they paid for it - great investment at the time YEAH RIGHT!!

# AMOC Annual Poker Run 2014

By Cliff and Gail Mitchell

Well folks here we are again with a small tale from the very successful AMOC poker run to Puhoi.

We awoke to a dreary Auckland morning in two minds whether to join in on the poker run due to the previous days forecast for stormy weather over the region.

We arrived at the domain and were pleased that so many of our members had made a great effort to turn up on such a wet day. We like so many others had a chat and coffee before receiving our 3 cards, itinerary and briefing before heading off for the day's event. Almost a Le Mans start for some, as I am sure I heard the blood loaded with adrenalin pumping through some of the veins. What a neat sound and sight of some 40 Mustangs roaring into life and heading off to the first waypoint via the City, Harbour bridge and onto Birkenhead Wharf beside the old "Fishermans Wharf". (If you can remember those olden days) . Here we were able to exchange cards and receive replacements to give us four cards in total at this point. Not too much time to ponder as the Jockeys were at the ready to ride those "wild ponies" once more and head off up the motorway to our next check point at Red Beach.

It did not look too red but a dirty grey today. We exchanged cards (with Craig) knowing that we would not swap a hand this year with other competitors (I was not offered enough to do so). There was a short break and a quick chat once more. From what I am lead to believe there was a lot of activity around the ablutions due to the early morning coffees. It's a bit like the advert you may have seen on the telly" and ooohhh the relief". (Not that was what the telly ad was about.) We blocked up the exit from the car-park area and "Craig" being such a great organiser told the first cars to "Move it, move it, move it". Well that prompted a bit of a whipping and we were under way again heading for more card swaps (with Craig, come on with who else) and a short break in Orewa at the beach front car park.

I did not see too many AMOCER's running for the beach to have a swim. Not for me I just forgot my towel (a bit of BS I think).

Well Willie Nelson said it "on the road again" and we were this time off to Wenderholm. Well it's been a few years since I was there and it's colder and wetter than I recall. You guessed it, card exchange once again for the last time

before heading off to Puhoi and the Cheese factory. Craig dropped our card on the ground for a flush, but to be fair he reshuffled it back into the pack and gave us an ace, wrong suit (Craig you are a lucky man; if this was in the old West you'd have been shot!!). Well that's the breaks in poker, "you gotta know when to hold em, know when to fold em, know when to walk away, and know when to run" Gee I'm showing my age here but I suppose I just don't know when to; oh just get on with it. From Wenderholm to Puhoi is just a quick ride by a fast pony to the feeding station where I am sure you were all taken care of and if not I cannot be held responsible for that! Just love that liquorice ice cream.... Yummy. Congratulations to the winners and commiserations to the losers and

a big thank you to all of our wonderful organisers, friends and all who made the effort to make this another enjoyable and fun outing on such a wet day.

# All Little Girls Want A Pony

By new member Moana Gummersal

On a Ford Mustang 'Trade Me' site posed a beautiful Wimbledon White 1966 Pony Notchback. With the stunning backdrop of Lake Wanaka and the dramatic mountain ranges that surround. After numerous emails and correspondence to the owners, mechanics and an AA appraisal a plan was made to meet 'her' in person .....and the owners too.

At the crack of dawn my dear friend John and I flew to Queenstown. John, although retired had spent a lifetime career in the heavy machinery industry and commercial vehicles and I welcomed his car savvy support. On arrival it was a perfectly clear blue sunny day and the Remarkables towered capped with snow. We drove over the crown Range to Wanaka eventually arriving at the owners house. Within her garage...WOW! Polished bright and snoozing she rested. Woken at the turn of a key the engine sound of a deep purring drum. The owner invited me to sit aside while she reversed out and a short drive up the road she offered me the driver's seat. Gentle guidance as we drove the outskirts of Wanaka. Slow, cruising, responsive and comfortable. I loved this Pony instantly.

On a long country road the owner encouraged me to accelerate. Oh My God! Magic! The power released pushed me into the back of my seat! Well now... I wanted this little Pony more than ever. Back to the house tick, tock negotiations. Two happy parties handing a bank cheque in exchange for keys. She was MINE!

Next day transport from Wanaka to Auckland arranged. One day left in Queenstown for John and I to enjoy, take in the scenery and dine. I never saw her again until she arrived in Auckland one week later much sooner than anticipated. Nervous and excited I contacted Bruce hoping he was available to support me in picking her up from Onehunga. Thankfully he was in Auckland and how grateful I was for his extended offer of help. When I set my eyes upon her in the car yard I saw the journey had taken its toll. No longer gleaming and bright but covered in dirt and grime. However she started puuuurfectly and what a pleasure it was to follow Bruce into the Big city and her new home Auckland ready to be cleaned and polished and loved by me.

### *Tanya German & Mark Simmons*

Tanya ( a hairdresser) and Mark ( a builder) are brother and sister.

They are are the proud owners of a turquoise 302 powered 65 Notchback.

A trip to Beachhop had them hooked so the car was bought. They enjoy horse riding and dancing and viewing time favourites are Sons of Anarchy, Breaking Bad on TV and Fast and Furious and Transformers at the movies.

Music taste is wide and varied and they would love to drive Route 66 in their favourite Mustang - a Big Block Mach I.

### *Club Night 3 September*

The meeting was followed by a powerpoint display and talk on the flooring product Swisstrax. This was presented by David Humphries who explained the various uses and benefits of this product as a garage floor.

# My 1st Mustang Car Show

*By Jim Rose*

I have been a member of the club since I purchased my Mustang in October last year. Actually when I think about it my interest in the club started a year or so earlier when I met Ken Smith at a PPG Paints Drivers night that I had my Cobra at. At the time I was interested in building a 67/8 Fastback or buying a later model. Ken had his (I think it's a 2013, sorry if it's not Ken) Mustang there so got talking to him as you do and the rest is history. Some months later, I believe it was probably winter, I had become discouraged with my Cobra, or at least perhaps more discouraged with getting wet! and figured it had to go, the car sold pretty quickly and it was on to finding another project.

At the same time, almost a day after the Cobra sold a mate of mine let a secret out of the bag, he had a 69 Mach 1 that was an unfinished project that he really didn't have the time to finish. So not exactly what I had in mind but cool just the same so that night it became mine. So that was October last year. The car was already painted and had the diff and front suspension in it, but as I found out later, only so that it could have wheels on it!

Summer was quickly approaching so figured I better get a move on and put this thing together, I figured all the hard work had been done and most of the components were there so this would be a walk in the park, boy did I get that wrong!

The next few months consisted of numerous air freight packages coming from CJ Pony Parts and numerous trips to Mustang Connection (thanks Paul) and creative discussions with the wife as to why the Visa was getting a hammering!

I'm so grateful for the AMOC. Through the club I received a great deal of help from guys like Wayne Lack. Without Wayne's help I'm sure the car would have taken a lot longer to piece together and wouldn't be the car that I really enjoy now.

So the weekend just gone was the AMOC annual car show. I'm not usually a fan of car shows, born from being disappointed to see people leaning up against the Cobra and kids running their hands along the paint etc. But I remembered last year that the cars were roped off, so I figured why not. One other thing I figured was if the car was going to be at the show, it might as well be judged, after all, how serious is the judging really going to get.

I dropped the car off on the Saturday night so that I wouldn't get it grubby driving to the show on the Sunday morning. Wayne was there when I arrived. When I told him that I had put the car in to be judged, a cheeky grin came across his face, I've seen this grin before and it hasn't meant good things the other times I've seen it, but I wasn't worried this time because I'd washed the car, I even polished it. Boy did I get a kick in the arse when Wayne took a look under the car. I mean seriously, really, under the car has to be clean as well! I get it now, I took a look at some of the other cars that were already there, what an amazing effort people put into their cars, those guys and gals that put weeks into painstakingly removing every spec of dust, detailing every clip, hose and clamp etc., I take my hat off to you.

Luckily on the Sunday morning I had the wonderful Barbs to help me clean the grass, stones and scuff marks from the floor mats, and clean the door cards while I got underneath the car with a damp rag to attempt the impossible and clean the dirt etc from inside the guards and under the sills, all of which would have been much easier on the hoist that the car was on the day before, not to mention a vacuum cleaner would have been a huge help for Barbs, THANKS BARBS I owe you!  
So now that I get how clean the car has to be next year, I guess I've got a year to get the car up to standard.

Thanks to those that are welcoming me into the club, I can see some great times to be had are coming up this summer.

*For his efforts Jim picked up 3rd Place in the 69-70 Mach 1 category*

## *Candice and Phillip Corboy*

They have been together 22 years and married for 16. Candice is a stay at home Mum looking after their two great kids Zoe (12) and Adam (10). Phillip is a shipbroker.

Mustangs have been an interest to them both for most of their years together, it has just taken them a long time to bite the bullet and buy one!!

After having children their hobbies went out the window and the Mustang was a chance to claw back some fun into their lives.

They love fishing, movies, reading, music and family holidays.

There is always a fight for the remote when it comes to TV times so it is a fight between Grand Designs/DIY House Rules and The Walking Dead/Criminal Minds. Movies don't fuss them and they will watch pretty much anything. Phillip loves Classic Rock Music and Candice loves Pop.

They haven't had their Shelby long and so apart from going for a couple of long drives sitting in the garage and smiling at it seems to be the norm. And of course lifting the bonnet to make sure the engine is still there.

# Jackie & Roger tie the knot in Vegas

Jackie and I went over to Vegas with Harvie and Gaylene and by chance met up with Steve and Karen, Wayne Ward and Gary Staples at the Las Vegas speedway. The major event that overshadowed the Mustang 50th celebrations was Jackie and I tying the knot in Vegas on her 50th birthday helped by good friends Gaylene, Harvie Wayne and Gary who joined us for the after match function (Gaylenes description) at Hooters.

Jackie and I then flew over to North Carolina to visit friends and then took a few weeks to drive down to the Florida Keys.

The irony of the whole trip was the unavailability of Mustang rental cars which saw us driving a Chev impala for 1800 miles. Made us appreciate what we had back home though.

The photo here was taken outside Peggy Sues Diner on the way from LA to Vegas. We stopped for lunch, parked the Chev out front and on leaving found it surrounded by real cars driven by Kiwis.
